Iowa Artists History

Iowa Artists, a nonprofit educational group, was organized in 1970 by Jack Olds, an assistant professor of art at the University of Northern Iowa, to continue the art program for adults as Iowa Amateur Artist. It was chartered in 1972 with Dorothy Timmons as president. In 1988, the charter name was changed to Iowa Artists.

Iowa Artists allows varied mediums in 2- and 3-dimensional art (excluding photographs or computer graphics).

Regional & State Shows

Iowa Artists is divided into 12 regions. Each region holds a one-day show once a year in the spring. Artists enter a variety of art to be judged and critiqued. You may enter only in the region where you live.

Artworks awarded blue ribbons at the regional shows are entered in the state competition. This is also a one-day event with judging and critiquing of the show's award-winning works. The juror of the state show will give an art demonstration.

There is no entry fee for members. The annual dues are \$25 and payable by January 1st.
